LAB – GROWN DIAMONDS & CHATHAM GEMSTONES

Chatham Custom Options by Leo Hamel

One of the exciting options with Chatham lab-created colored gemstones is that any size can be custom cut.

The diamond was sold out of a platinum ring and Chatham cut a lab-grown sapphire to replace it. It's now a beautiful blue sapphire ring that I enjoy wearing with my blue-dial watch.

If you have a ring that is missing a stone or you'd like to “cash out” the diamond, replace it with a very affordable lab-grown colored gemstone and create a new piece of jewelry! Or give new life to a bracelet, earrings, or a pendant.

Chatham gemstones open a whole new world of color for you - let your imagination go wild! See your salesperson to choose your custom gemstone.
